

COURSE DURATION INFORMATION SHEET

How long will it take for me to reach my English level?

This depends on your English level when you start your course. You will do a placement test on your first day at Elite English Institute which will give us a very good idea of your starting English level.

As a general rule, to move from one English level to the next, it **takes 10 weeks full time English study (or 12 weeks if you are taking the IELTS Preparation course)**. Of course, this assumes that you work hard in your English studies during those ten weeks.

Look at the table below:

General English	English for Academic Purposes	IELTS Preparation	No of weeks
		IELTS Preparation 2	12
		IELTS Preparation 1 ↗	12
	EAP 2 ↗		10
Upper-Intermediate ↗	EAP 1 ↗		10
Intermediate ↗			10
Pre-intermediate ↗			10
Elementary ↗			10
Beginner ↗			10

Let's say that, you want to study the EAP 2 course, but after your placement test, your starting English level is Pre-Intermediate level. How long will it take you to reach and complete the EAP 2 course?

Pre Intermediate General English Course: 10 weeks

Intermediate General English Course: 10 weeks

TOTAL: 40 weeks
